

Register_ Number	Name of the Students	Department	Year	Thesis Title
1	S. Mitra	Medicine	1948	Co-relation of the protien & non-protien Nitrogenous constituents of the blood with kidney function in normal subjects and in renal diseases.
2	Radhey Syam Gupta	Pathology	1948	Studies on plasma prothrombin estimations and therapeutic value of vitamin K
3	Nawal Kishore	Gynaecology	1948	Anaemia in pregnancy with special reference to treatment with folic acid
4	Ratna Prakash Singh	Anatomy	1948	A study of the evolutionary status of the foot with reference to its clinical significance
5	Udaya Ram Bharadwaj	Physiology	1949	The conservation of body chlorides
6	D.N.S. Choudhary	Anatomy	1949	Histological survey of the carotid sinus in the vertebrates
7	Virendra Singh	Anatomy	1949	Evolutionary aspect of the patient its arches - A study
8	K.W. Mathur	Ophthalmology	1949	Galactose cataract in rats - an experimental study
9	Y.K. Malhotra	Gynaecology	1962	Clinical and bacteriological study of leucorrhoea in women of child bearing age
10	Kusum Gupta	Gynaecology	1962	Electrophoretic patterns of serum proteins in normal toxemic pregnancies
11	H. Gautam	Surgery	1962	A study of Blood volume and serum proteins in burn and its significance in infusion therapy
12	V. Prakash	Surgery	1962	Study of paper electro phoretic pattern of serum protein in acute abdomen pain
13	K.S. Bhargawa	Anatomy	1950	Veriform appendix to positions gross and comparative anatomy.
14	Dhavendra Kumar	Anatomy	1950	A comparative study of bronchial tree in the vertebrata
15	Kanta Nath Vyas	Medicine	1950	A study of chronic colitis in the tropics
16	Virendra Nath Mittal	Medicine	1950	Observations on kidney functions and nitrogenous constituents of the blood in acute fluoride infections
17	Satya Prakash	Ophthalmology	1950	A study on Phlyctenular ophthalmia
18	Sumit Indrajit Singh	Physiology	1950	Tumor in unstriated muscle
19	K.C. Sanwal	Pathology	1950	The incidence of full-clinical rheumatic stigmata in heart in indoms
20	Pashpati Nath Wahi	Pathology	1950	Hematological studies in India infant and children comprising normal hematological volus ---- in indian children
21	Bepin Behari Lal Mathur	Pathology	1950	Evaluation of the newborn liver function
22	D.K. Gupta	Medicine	1963	Fibronolytic and propibrinolytic activities of plasma as an index of liver damage in cirrhosis
23	S.K.Kashyap	Medicine	1963	Corelation of the extent and severity of atherosclerotic pesions in aorta, coronary and cerebral arteries.
24	M.M. Arora	Pathology	1950	Students on the pathogenesis of endemic ascitis clinical, chemical of histological studies by needle
25	N.L. Sharma	Pathology	1950	The relationship of protien deficiency to surgical infections
26	Om Prakash Misra	Surgery	1950	The nutritional state of surgical patients
27	Onkar Nath Vyas	Surgery	1950	Clinical study of arthritis knee
28	Shiva Datt Sanwal	Surgery	1950	Bacterial flora of compound fractures and effect of various formas of treatment on their parsistance
29	Jaswant Singh	Surgery	1950	Observations of incidence histology, pathology and clinical evolution of oral cancer
30	A.K. Seth	Medicine	1951	Pathogenesis and rational Haematinic therapy in anaemias of gastrointestinal origin
31	Balwant Singh Yadav	Medicine	1951	Uric Acid and other NPN Constituents of the plasma
32	H.C. Jain	Medicine	1951	Tropical Eosinophilia
33	Suraj Narain Mathur	Medicine	1951	Liver enlargment clinical study
34	Y. Dayal	Ophthalmology	1951	Study of the vascular faetus in the actiology of glacicoma
35	P.P. Kumar	Ophthalmology	1951	Vitamin C in corneal inflammation
36	H.S.D. Sharma	Surgery	1951	Blood volume studies in surgical patients

Register Number	Name of the Students	Department	Year	Thesis Title
37	Dharmendra Pal Singh	Surgery	1951	Experimental transplantation of ureters into the rectosigmoid and evaluation of the merits of different techniques
38	A.N. Dwivedi	Surgery	1951	Clinical experiment study of arthroplasty elbow
39	S.P. Srivastava	Surgery	1951	Prostatic enlargement effects of back pressure of retention of urine and salivary uria
40	G.C. Pant	Surgery	1951	Evaluation of end results after fracture shift of tumor
41	K.N. Srivastava	Surgery	1951	A clinical study of acute intestinal obstructions
42	S.L. Goswami	Pharmacology	1951	Pharmacological evaluation of a few important sympatholytic agents
43	Sohan Lal Agrawal	Pharmacology	1951	Pharmacological investigation of two synthetic analgesic properties pethidine. Hydrochloride
44	D.D. Joshi	Surgery	1952	Effect of surgical operation on carbohydrate metabolism
45	K.N. Johri	Surgery	1952	Pre-frontal leucotomy
46	M.L. Shukla	Surgery	1952	Evaluation of renal functions tests in urinary lithiasis.
47	Madan Mohan Sharma	Surgery	1952	Statistical observations on cancer with special reference to cancer check
48	P.K. Sethi	Surgery	1952	Water salt and glucose requirements in post operative status
49	Dharmendra Pal	Pathology	1952	Study of coronary circulation in Indian by injection techniques
50	Balkant Chandra Sangal	Pathology	1952	Central necrosis of liver
51	Shakuntala Bhasin	Gynaecology	1952	Nutritional status of women in toxemia of pregnancy
52	Urmila Mehta	Gynaecology	1952	A correlative study of vaginal smear and endometrial biopsy in sterility
53	C.K. Sharma	Ophthalmology	1952	Evaluation of recent provocative tests in glaucoma
54	S.S. Gupta	Pharmacology	1952	Pharmacological evaluation of a few drugs used in the treatment of epilepsy. Dilution sodium, thranthium sodium masantion and tridione
55	Prasun Kumar Das	Medicine	1952	Biochemical studies in chronically ill patients
56	Harish Chandra	Anatomy	1952	Morphology of the liver based on its micro anatomy
57	Krishna Prasad Mathur	Medicine	1952	Gastric analysis : a study by various tests.
58	Surendra Kumar	Medicine	1952	Renal injury in malaria
59	Bhalura Sumaran Pal	Surgery	1953	Citric acid metabolism in lithiasis
60	Brij Mohan	Surgery	1953	A study of the internal balance of plasma protein in surgical patients
61	K.N. Bhargava	Surgery	1953	Study of the adrenal cortical function in surgical patients
62	Kamal Chandra Agawal	Surgery	1953	Study on the use of intravenous protein as an analgesic in surgical condition.
63	Krishna Kumar	Surgery	1953	Bacterial flora of the urinary infection and the relationship use of their sensitivity to penicillin streptomycin Anthromycin in vitro.
64	R.L. Chopra	Surgery	1953	Surgical manifestation of dracunculiasis medinensis
65	Sundar Narain Mathur	Surgery	1953	Postoperative potassium deficiency and its prevention its correlation with other electrolyte
66	Km. Lajja Mehta	Gynaecology	1953	Clinico biochemical studies in prenatality
67	Km. Kamla Gupta	Gynaecology	1953	Role of nutrition in premature labour
68	Swriti Agarwal	Gynaecology	1953	Variations in vaginal cytology and urinary 17-ketosteroids during pregnancy and their possible relation to sex of foetus
69	C.L. Pathak	Physiology	1953	The relation of calcium intake to skeletal growth
70	G.C. Mehrotra	Pathology	1953	Liver function studies in cirrhosis in children
71	P.B. Roy	Pathology	1953	Evaluation of exfoliative cytology in gastric disease
72	B.N.D. Bajjat	Medicine	1953	Some observation on plasma proteins with special reference to tissue protein stores
73	P.S. Agrawal	Medicine	1953	Biochemical studies in states of dehydration
74	S.P. Bhargava	Medicine	1953	Biochemical studies in electric cumulative therapies with special reference to adrenal & cortical function

Register_N umber	Name of the Students	Department	Year	Thesis Title
75	Krishna Datt	Ophthalmology	1953	The role of nicotinic acid on corneal ulcers
76	H.N. Adhulia	Ophthalmology	1953	Role of vitamin "A" corneal ulcer
77	Krishna Swami Mehra	Ophthalmology	1953	Endophthalmitis phaco-anaphylactica - A clinical study
78	M.N. Jindal	Pharmacology	1953	Pharmacological evaluation of a few antimalarial drugs
79	Akhlesha Chandra	Anatomy	1953	Study the evaluation of the extra-hepatic biliary system
80	V.S. Dave	Surgery	1954	Comparative study of plasma volume restores
81	M.N. Nagu	Surgery	1954	Effect of anaesthetics on liver function
82	M.D. Saigal	Surgery	1954	Clinical study of joint tuberculosis with special reference to lymph gland and scan biopsy
83	K.N. Garg	Pharmacology	1954	Pharmacological evaluation of few quaternary amononium compound.
84	Har Chandra Das Tandan	Pathology	1954	Histo-chemical studies of rat liver and kidney in acute carbon tetra chloride poisoning
85	Pooran Lal Tandan	Pathology	1954	Histopathological studies of skin lesion in leprosy
86	Tej Prakash Bharadwaj	Pathology	1954	Paper partition chromatographic study of free amino acids of normal rat-liver and urine, and their derivations in certain pathologicas stats
87	Ram Singh	Medicine	1954	Liver function studies in intestinal diseases
88	R.N. Singhal	Medicine	1954	Study of adreno-cortical function infective disease
89	A.K. Sarkar	Medicine	1954	Some observation on electrolyte disturbanes in congestive heart failure before or after treatment
90	Vijay Datt	Gynaecology	1954	Anaemias of pregnancy with special reference of its treatment
91	R.K. Pathak	Anatomy	1954	Study of thymins
92	M.M. Mathura	Anatomy	1954	Study of the conducting tissue of the maumalian heart.
93	Kanwar Sen Jindal	Ophthalmology	1954	Aqueous humon in indo-cyclitis - A cyto-pathological study
94	Saran Prasad Sriwastava	Ophthalmology	1954	Role of adrenergic blocking agents in glancoma
95	R.L. Malhotra	Ophthalmology	1954	Tissue scraping in extraocular diseases (Xerosis) - A clinico-pathological study
96	K.C. Singhal	Ophthalmology	1954	Action of streptomycin of para amino salicylic acid in ocluar tuberculosis in laboratory animals -An experimental study
97	G.D. Agarwal	Surgery	1955	Evaluation of the end resluts of treatments of fracture neck of femur by various methods
98	Jaipal Singh	Surgery	1955	Bio-chemical studies in chronically ill surgical patients
99	P.N. Banarji	Surgery	1955	Evaluations of end results after fracture of tilra of fisula
100	P. Upadhyay	Surgery	1955	Experimental study of the effects of all of urinary pH or surgically in plasma vesical caliuli.
102	S.K. Vashishtha	Surgery	1955	Renal function tests in severe burns
103	R.A. Darbari	Surgery	1955	The importance of human serum phoasphates in surgery
104	R.S. Chandan	Surgery	1955	A study of metabolism in burns
105	R.K. Agrawal	Surgery	1955	Blood coagulation studies in post operative states with reference to post-oprative Thyoinfoembolism.
106	Y.N. Gupta	Surgery	1955	The effects of hepatitis artery ligation especially on liver functions in experimental animal dog
107	A.K. Sangal	Pharmacology	1955	Evaluation of few anti-tubercular drugs
108	C.Dass Gupta	Anatomy	1955	Study of deformities in beggars in contrast to non-baggar population in northern india
109	O.P. Bhargava	Anatomy	1955	Study of the urinary system in mamels with a reference of congenital anomalies in man
110	S.D. Mathur	Gynaecology	1955	Clinico-pathological study of functional uterine bleeding
111	Padma Agrawal	Gynaecology	1955	Endometrial tuberculsis clinico-pathological study
112	Balraj Bhatra	Physiology	1955	The visibility of moving obqects

Register_N umber	Name of the Students	Department	Year	Thesis Title
113	Indramani Shukla	Ophthalmology	1955	Amniotic membrane grafts in corneal ulcer
114	Indreshwar Narain Razada	Ophthalmology	1955	Facility of aqueous outflow in glaucoma
115	Rajendra Prasad Mathur	Ophthalmology	1955	Hyaluronidases in glaucoma
116	S.P. Mathur	Ophthalmology	1955	Angioscotometry
117	Yashpal Singh	Ophthalmology	1955	A biomicroscopic study of the conjunctival vessels (capillaries) in human eye
118	G.N. Vajpeyi	Medicine	1955	Serum iron determination in acute and chronic liver diseases with special reference to hepatomegalies of experimental liver dysfunction
119	P.S. Mathura	Medicine	1955	Study of electrolytes in cases of portal cirrhosis
120	Lall M.T	Medicine	1955	Liver function studies and antibiotic sensitivity tests in colitis
121	Chandhri Hm	Medicine	1955	An experimental study on the effect of increased renal venous pressure on renal function with special reference to the mechanism of fluid retention in congestive heart failures
122	S.C. Tyagi	Pathology	1955	The bacteriuria in pregnancy
123	Kamla Chandra	Pathology	1955	Exfoliative cytology in the diagnosis of carcinoma of the uterus and cervix with special reference effect of radiation
124	H.S. Ambwani	Pharmacology	1956	Evaluation of a few anti-anaemic drugs
125	Hari Nawani	Pathology	1956	Evaluation of pregnancy tests
126	S.Mitra	Pathology	1956	Histological and chemical correlative studies collagen in rat liver in cases of experimentally induced carbon tetrachloride cirrhosis
127	K.K. Gupta	Physiology	1956	Studies of serum cholesterol in Indians normals and cases of coronary artery disease
128	S.D. Mukerji	Ophthalmology	1956	A Biomicroscopic study of the conjunctival vessels in certain systemic diseases
129	R.P. Saxena	Ophthalmology	1956	Effect of riboflavin on corneal ulcers and its vascularization
130	Amar Nath Zutshi	Surgery	1956	Experimental evaluation of intra-arterial blood transfusion and intra-venous blood transfusion
131	H.S. Lakhtakia	Surgery	1956	Bio-chemical studies in chronic cholecystitis and cholelithiasis.
132	K.P. Gupta	Surgery	1956	Perineal needle biopsy of prostate (Evaluation of statistical analysis)
133	Satya Deva Tayal	Medicine	1956	Role of dietary fats in the pathogenesis of atherosclerosis : An experimental study in the client and a clinical survey of the same in the rural population of Agra district
134	R.C. Garg	Medicine	1956	Incidence of atherosclerosis in relation to hypertension in the village population and on experimental study of their relationship in the client
135	Gur Prasad Datta	Medicine	1956	A clinical study of incidence of hypertension in the population of Dayalbagh Agra
136	B.K. Dube	Medicine	1956	Observations in cases of leukaemias with special studies of anti-leukaemic agents
137	Kusum Agarwal	Gynaecology	1956	The vaginal smear as a guide to prognosis in threatened abortion
138	R.L. Sircar	Gynaecology	1956	Clinico-pathological study on primary sterility
139	R.K. Mital	Medicine	1957	An experimental study of the effects of serpin cholesterol alcohol nicotine of high protein diet on salt induced hypertension in the client
140	O.P. Gupta	Medicine	1957	Role of dietary fats in the pathogenesis of atherosclerosis (An experimental study in the client)
141	C.B. Sethi	Pharmacology	1957	the study of bronchial smooth muscle with special study of certain local anaesthetics and antihistamines as bronchodilators
142	GiRadiodiagnosis Har Sahai	Pathology	1957	Bio-Chemical and histological observation in tropical eosinophilia and experimental rabbits respectively
143	Om Prakash	Pathology	1957	Histological and exfoliative cytology studies in enlarged prostates
144	S.N. Saxena	Pathology	1957	A clinicopathological study of oral cancers
145	K.C. Sikrosia	Surgery	1957	Clinical study of types of odontomas (A study of the odontogenic tumour of cysts of jaw)

Register_ Number	Name of the Students	Department	Year	Thesis Title
146	Kameshwar Saran Mathur	Surgery	1957	The effect of anasthesis on eosinopenic restrone to surgical tranuma
147	P.M Bhatnagar	Surgery	1957	Clinical of experimental study of the gall-bladder infections
148	R.C. Gupta	Surgery	1957	The clinico-Pathological study of tubercular lymph node enlargement
149	S.P.Atri	Surgery	1957	A clinical study of thromboangitis oblitera (buegiers diocase)
150	Y.D. Paliwal	Surgery	1957	Clinico-therapeutic study of tetanus
151	Sushama Gupta	Gynaecology	1957	The value of various oxytoxics on third stage of labour
152	Kunti Sharma	Gynaecology	1957	A study of cases of sterility with special reference to value of hysternosalingographies
153	R.K.Sharma	Gynaecology	1957	Cytological and histological studies of non-malignant lessions of cerviix with special reference to erosion
154	Kala Ranchand Hingorany	Gynaecology	1957	comparative study of vaginal smears and crystalligation phenomenon in the diagnosis of early pregnancy
155	S.R.K. Makil	Ophthalmology	1957	A study of muscular lesion with special reference to priscol therapy
156	Ram Tirth Singh	Ophthalmology	1957	Gonioscopy in assessment of glaucoma treatment
157	Mangal Sain Malhotra	Physiology	1957	Studies on sodium chloride balance in indians during summer
158	J.V. Bhatt	Physiology	1957	A clinico-biochemical study of the relationship but electolytes and arterial blood
159	Sayabadi Hazanj	Anatomy	1958	Study evlaution and comparative anatomy of the coronary circulation along with a refernce to comparative histology of the coronary arteries
160	Ahluwalia P.C	Surgery	1958	Study of values of calcium and phosphate excretion in cases of urolithiasis
161	Suresh C.Gupta	Surgery	1958	Corbon dioxide combining power of blood as on index to acidosis in cases of urinary obstructions
162	Khanna H.:L	Surgery	1958	The role of potassium deficiency in surgical patients to recongnition and management
163	Saluja D.R	Surgery	1958	Clinico-pathological study in genito urinary infections
164	Rudra Kumar Varma	Surgery	1958	The serim electriolyte studies in acute abdominal emergalcis
165	Jagjit Singh	Ophthalmology	1958	"Papilla" - its clinical study
166	Suraj Narain Mathur	Ophthalmology	1958	Vascular pattern of Eye in hypertension
167	Randbir Singh Tyagi	Ophthalmology	1958	Streptokinase and streptodomase in sloughing corneal ulcers
168	Devinder Nath Wadhawan	Medicine	1958	A clinico-biochemical study the relationship between plasma electrolytes and hypertension
169	R.Prasad	Medicine	1958	Role of eatrogen in experimental atheroselerosio in the chick
170	Ziaul Islam	Medicine	1958	Role of dietanry fats and eggs in experimetal atherosclerosis in the client
171	Akshoya Kumar Acharya	Physiology	1958	Blood electrolegta level of indian people
172	K.K. Malhotra	Medicine	1958	Role of liprotropic factors in experimental atherosclerosis in the client
173	P.R.Atal	Pathology	1958	Haematological and bio-chemical studies an stored blood
174	M.Chakrabarty	Pathology	1958	Histochemics pathological studies endometrium in functional interine bleeding
175	K.P. Nigam	Medicine	1958	Role of some new tranquillizaers in psychiatry ..
176	Gohlauf D.S	Medicine	1959	Glutamic oxalacetic transaminase test determination of its normal vutus in glood & its deviation in cardiac conditions
177	Chhabra R.K	Medicine	1959	Portal venography in cirrhosis liver
178	Srivastava S.C	Medicine	1959	Role of kidney biopsy in diagnosis of renal affections
179	Barua D.L	Pathology	1959	Chronic leg ulcers a correlative study of histo-pathology bacterology & nutritional status of the individual
180	Narang S.S	Pathology	1959	Morphological & histological study of narian tumours with special refernce to age ferticlity and menstrual history
181	Usha Kehar	Pathology	1959	Study of anat....

Register_N umber	Name of the Students	Department	Year	Thesis Title
182	V.P. Minal	Pathology	1959	Histological evaluation of kidney needle biopsy in nephrotic syndrome
183	K.K. Arawal	Pharmacology	1959	Behaviour of the sensitised bronchial smooth muscle to various bronchoconstrictor and bronchodilator drugs
184	M.C. Srivastava	Pharmacology	1959	Inter-relationship of blood histamine & histamine like substances in eosinophilousis
185	O.P. Bhatnagar	Physiology	1959	A study of metabolic pattern in relation to faulty nutrition in school going population
186	B.B. Gulati	Surgery	1959	An experimental study the effects on skin-transplant in tendons
187	Tahiliani, NandLal	Surgery	1959	Blood volume studies in chronic surgical conditions
188	R.B. Mehta	Surgery	1959	An evaluation study of surgically treated oral cancers in S.N.hospital, Agra
189	R.S. Kanchan	Surgery	1959	An clinico-pathological study of the cases of intestinal stenosis
190	S.S.S. Rana	Surgery	1959	An experimental study of acute obstruction in production of hydronephrosis
191	K.P. Srivastava	Ophthalmology	1959	A study of intraocular tension after retrobulbar anesthesia
192	S.S. Mathur	Ophthalmology	1959	Role of astigmatic factors in refractive errors of the eye
193	S.P. Saxena	Ophthalmology	1959	Biomicroscopical study of the elasticity of conjunctival vessels in hypertension by adrenalectomy method
194	Jagan Nath	Psychological	1959	diagnosis of treatment of excitement in uses psychiatric practice
195	N.B. Singh	Ophthalmology	1960	Role of sub-conjunctival injections of broad spectrum anti-biotics in active cases of trachoma
196	Shashi Prabha Arora	Pathology	1960	Epidemiological clinical and histopathological studies in leukoplakia of oral cavity
197	O.P. Bansal	Pathology	1960	Clinico-pathological study of carcinoma of cervix with special reference to pre-invasive cancers and their early diagnosis
198	Bhagoliwal	Pathology	1960	Clinico-pathological study of the tumours of female breast
199	B. Lahiri	Pathology	1960	Epidemiological clinical and histopathological studies of cervical cancer
200	B.K. Garg	Pharmacology	1960	Comparative study of oral anti-diabetic drugs (carbutamide of tolbutamide and pancreatic grafts in experimental produced diabetes
201	Gyan Chandra Srivastava	Pharmacology	1960	Electrolytic changes in digitalised cardiac muscle in relation with congestive heart failure
202	H.S Bajpai	Medicine	1960	Hypertension nephropathy a study by kidney biopsy
203	J.S. Mathur	Medicine	1960	Role of pleural biopsy in the diagnosis and treatment of pleurisy with effusion
204	K.K. Agrawal	Medicine	1960	Colorimetric measurement of serum evaluative oxalacetic transaminase and serum glycolic pyruvate...in infective hepatitis acute
205	M.C. Gupta	Medicine	1960	Anaemia in cirrhosis of liver..a clinical experimental study
206		Medicine	1960	Coagulation of cholesterol content of aortic wall with gross human....
207	B.K. Wahal	Medicine	1960	Plasma protoglycoid colloid osmotic pregnancy and body fluid changes in cirrhosis of..
208	Pushpa Agrawal	Gynaecology	1960	Prenatal determination of sex by amniotic fluid test
209	Saraswati Mali	Gynaecology	1960	Histological evaluation the endometrium in post menopausal women with and without gynaecological symptoms
210	Padma Hingorani	Gynaecology	1960	Blood volume electro cardiographic changes during the II and III trimesters of normal pregnancy
211	Purnima Pathak	Gynaecology	1960	Intravenous pitocin and syntocinon (A comparative study in induction of stimulation of labour
212	Kamal Sthalekar Ghosh	Gynaecology	1960	Study of urinary excretion of 17-ketosteroids and eosinophil count in normal pregnancy in toxemia of normal pregnancy
213	Pratibha Rohatgi	Gynaecology	1960	Study of cases of uterine hypoplasia treated by local injection of oestrogenic emulsion
214	Brij Mohan Lal Kapoor	Surgery	1960	A clinical study on head injury with special reference to cerebrospinal fluid pressure changes
216	Dev Prakash	Surgery	1960	Study blood bio-chemistry in bone tumours
